## Payment Policy (Updated)

- **Bulk Billing:** All eligible GP consultations are directly billed to Medicare.
- **Private Payments:** Patients will only pay for procedures, treatment room fees, medical forms, or other non-Medicare services.
- **Non-Medicare Patients:** Those without a valid Medicare card will be informed by their doctor and directed to reception to pay privately for both the consult and any applicable additional treatment room fees

## FAQs

1. **What if I need to cancel?** Please provide at least 4 hours' notice so we can offer your appointment to another patient. If you do not notify us that you are not attending your appointment, we will charge a \$25.00 no-show, which does not attract a Medicare rebate. This fee applies to all patients.
2. **What do I need to bring to my appointment now?** Upon presenting to reception, we will confirm your three points of identification e.g. Medicare card, Concession card, and confirmation of personal information. If you wish to claim our bulk billing benefits based on age / concession card / DVA status, you must provide proof of eligibility upon checking in.
3. **What if my family member attends with me and is required to be seen during the same appointment slot?** As much as possible, please advise reception prior to your appointment as to whether your family member requires medical attention, so that reception can add your family member and perform a three- point identity check.
4. **How do I know how much to pay?** Our fees and services are outlined above. You are welcome to confirm the nature of your appointment and applicable fees with reception upon checking in. If there are any developments within the appointment, your doctor and/or nurse will specify the fees involved as soon as practicable prior to proceeding with the proposed treatment.
5. **How do I make payment?** After you receive the relevant service, the doctor will request that you attend reception to complete payment. We take both EFTPOS or cash.
